Terese/Tom:

As I stated to Terese on the phone tonight, though we support the concept of Assembly Substitute Amendment 1 AB 772, which allows health care professionals to volunteer their services in an elementary school (K4 -6th grade), it prohibits these individuals from providing instruction in "on a topic specified under s. 118.019 (2)(e), which is on "human sexuality; reproduction; family planning; human immunodeficiency virus and acquired immunodeficiency syndrome; prenatal development; childbirth; adoption; available prenatal and postnatal support; and male and female responsibility."

Though we are unsure as to how frequently a volunteer nurse/doctor would ever provide this instruction, we do not support precluding these volunteer health care professionals from ever doing so in a school where no one else has the knowledge and the ability to do so. This provision really affects 6th graders.

We have expressed our concerns to Jon Richards, and he understands them, but he also wants to get this bill through. We have indicated to his office that we will introduce an amendment simply striking the paragraph at issue from the bill.

Thank you for agreeing to have this amendment drafted.

We would like only a part of a sentence stricken from the bill:

Paragraph (e) (p. 6, lines 13-16): "Under this section, a volunteer health care provider may provide instruction in human growth and development if the instructional program is in compliance with requirements of S. 118.019, ~~except that the volunteer health care provider may not provide instruction on a topic specified under s. 118.019 (2)(e).~~"

The strikeout is the part we would like amended from the bill.

Thanks for having this drafted! Chris
